Sierra Building Products

PARLIAMENTARIAN:

Adrian Zieler
The Bratton Corporation

Dear NAWIC Supporter,

The NAWIC Greater Kansas City, Missouri Chapter No. 100 is pleased to announce that our 26th Annual Block Kids Building Program will be held on Saturday, February 7, 2015 at the Builders' Training Center. NAWIC works together with participating companies and organizations to promote the field of construction to youth as a career path and we would like your support by participating in this event:

- **Trades Fair** – “Real” construction workers will show how to perform different types of construction such as bricklaying, carpentry, concrete, ironworking, and more. This is a hands-on demonstration for children.
- **Be a judge (a.k.a. “Building Inspector”)** – This is an experience you won't want to miss. As a judge you will talk to children about their project and complete a scoring form. With expectations of up to 125 children, we will need lots of “Building Inspectors”. No experience necessary.
- **Goody Bag Sponsor** – Each child will receive a cinch sack with the Block Kids logo on it, filled with fun stuff. Items such as rulers, pencils, construction-type coloring books, crayons, etc. are needed.
- **Monetary Sponsor** – Financial contributions underwrite the costs of building blocks, supplies, prizes, trophies, and printing.

As a sponsor, you and/or your company will be recognized the day of the event, in our chapter's newsletter and upcoming promotional material. We will be happy to display a large banner promoting and thanking you and/or your company for all of their support. On the day of the event there will be news crews broadcasting live to inform the public of NAWIC's interest in promoting education to children as well as enhancing the success of women in construction. At this time we will once again give a special thanks to our sponsors.

The Block Kids Building Program was developed by the NAWIC Education Foundation to introduce children to the construction industry to create an awareness of careers available within our industry. This national award-winning program is sponsored by NAWIC Chapters throughout the United States and Canada.

The success of this program is due to the tremendous support received from the construction industry. We have enclosed a flyer on this year's program along with a registration form. Perhaps you have children and/or would be willing to promote this program within your company. **Please feel free to make copies to distribute to your child's school, church, scouting club, family members, co-workers, etc.** If you have any questions, please feel free to contact me at 816-595-4109 or email me at Rnorris@buildersassociation.com.

Sincerely,

Robin L. Norris
Block Kids Chair

Please make checks payable to: NAWIC Chapter 100

CORE PURPOSE: To enhance the success of women in construction.
